

PREPARE FOR WAR BELIEF IS EXPRESSED

GLORIOUS STREET PAGEANT IN THE CITY OF NEW YORK

Nearly 145,000 Men and Women March in One of Greatest Processions Ever Known.

WORKERS OF ALL KINDS

Marchers Divided into Sixty-Four Divisions with Twenty Abreast.

NEW YORK, May 13.—New York's belief that the nation should prepare for war was expressed today by nearly 145,000 men and women marching in one of the greatest processions ever assembled for the promotion of an idea.

Twenty abreast, filling the streets from curb to curb, keeping in step to the patriotic tunes of 200 bands, the parade that began this morning will last for twelve hours or longer.

Many business houses are closed, while the city gives itself up to its celebration of preparedness day. The sidewalks from the Battery to Fifty-ninth street, the start and finish of the parade, are crowded. It is estimated that at least 1,000,000 persons saw the demonstration.

Twenty thousand women are in the pageant. Workers in 200 occupations, lawyers and other professional men, city officials and city employees and 10,000 members of the national guard in uniform and thousands of veterans of the Spanish war composed the long column. The lawyers are led by twenty justices of the supreme court.

The marchers were divided into sixty-four divisions. The hour set for the start was 9:30 a. m. and it is expected that the last division will not reach the disbanding point until 10:30 o'clock tonight.

CANDIDATE HITE IS AMONG THE VOTERS

William F. Hite.

William F. Hite, of Huntington, whose likeness here appears, is a distinguished visitor in the city, who is shaking hands with many Clarksburg and Harrison county citizens today. The reception given him as a candidate for the Republican nomination for the United States Senate is all that can be desired, indeed, it is royal on every hand. As a mingler among his fellow men, the present visit here shows him one worth while. He knows how to meet men and they all feel that they have met a real man in him.

Business men, farmers, indeed, men of all classes have met and are meeting him today and giving him warm assurances of support, and it is a common remark among them: "I intend to vote for that man Hite. He strikes me as the man of the hour, the very fellow we all want and need in the United States Senate."

Mr. Hite has been here several times during the campaign, but on those occasions he was passing through to other points of the state, and did not have much time to tarry. The present visit, however, is one for the city and county alone, although many from other counties are here greeting the candidate.

On his former short visits here, he met many Clarksburgers, but he is reaping a great harvest of assurances today and working like a trooper in meeting a situation here not unlike that wherever he goes in the campaign, namely, greeting and talking with those who flock to him in their eagerness to see the man they have heard so much about and for whose nomination they long since decided they would vote. And it is stating it mildly that none is disappointed in his expectation.

The present reception alone is a sufficient guarantee to Mr. Hite, his friends and supporters that he will carry Harrison county overwhelmingly at the primary election June 6.

Mr. Hite expresses the desire to see all the voters possible while here and he announces that he is staying at the Waldo where he will be glad to receive all those he can not see on his trip around town.

Speaking of the outlook, Mr. Hite says he is especially pleased with the progress his campaign has made throughout the state and he has every assurance that he will be nominated for the Senate. He has campaigned practically all over the state and there is no place where he has not been assured of a support that spells nomination.

The Hite campaign has become so strong that it is invulnerable to attack, such as "Abe" Lilly, who has virtually renounced the party which gave him the office he now holds, made at Huntington last night, when he charged Hite with paying Judge Robinson's campaign expenses. Such attacks show the straits Lilly finds himself in, but they fall upon the minds of the people like water on a duck's back. They are sure signs that Hite and right will prevail when the smoke of battle is over.

PRIMARY

Election Ballot Next Tuesday Will Be the Largest Ever Used in Pennsylvania.

HARRISBURG, Pa., May 13.—Pennsylvania voters will be handed the largest primary ticket in the history of the state when they go to the polls next Tuesday. This year candidates for president, auditor general and state treasurer and delegates and alternates at large will be voted for at a state-wide primary for the first time. Four years ago the state nominations and selection of delegates and alternates at large were made at state conventions.

It is feared at the state capital that the chances of any counties reporting results of official counts before next Saturday are small and some may require more than two weeks. One of the complications, which arises is that the official results of election for state committee men may not be known in time for the meeting of the state committee which must be held not later than the third Wednesday after the election.
